Message from the Show President

Welcome to Emley Show 2024

Nestled beneath the iconic Emley Mast, the first Saturday of August once again heralds The Emley Show back to Factory Farm. With the most spectacular views of any showground in Yorkshire, Emley Show is a fabulous, and very full, day out for the whole family.

Embedded in the rural community, Emley Show attracts the very best livestock rearer's from across the region who compete for coveted awards making an amazing spectacle in the show rings. With the best of the best when it comes to cattle, goats and sheep, farming as at the very heart of the show.

In the equestrian rings, riders of all ages pit their skills against each other meanwhile in the dog rings both serious showing and fun children's competitions entertain the crowds.

For the shopaholics, there are over 100 retailers selling everything from Country-ware and artisan jewellery to pick-n-mix.

Vintage tractors, classic cars and motorbikes will keep, the petrol-heads happy, while cookery, crafts, horticulture and beekeepers display their wares.

Yorkshire grown and prepared produce features strongly in the extensive catering offering and our very own "Emley Arms" bar will provide all the refreshment you could need.

And as the sun goes down over the best view in Yorkshire, the volume increases as the live band strike up for a night of partying at The Emley Stomp.

So look out your sun-cream and your wellie boots for one of the best days of summer 2024 and head to Emley Show on Saturday 3 August.

Children's Section

Section Secretary: Rebecca Hearne

The theme has been selected to reflect on the wonder of flight and how humans have studied nature to find our own ways to fly.

This covers such a huge area, from insects and birds who have the natural ability to fly, through to humans who have studied nature and over the years have developed their own techniques to take to the air – some more successful than others!

We welcome entries covering flight from any and all perspectives. Children are invited to enter any of the classes outlined below and are encouraged to research flight in nature OR the history of flight to give them inspiration.

Prizes
